Dear [REDACTED],

Hello, I have given your letter much consideration considering my present dilemma.

I have given much thought as to how to proceed in this matter. Due to both my age and the fact that, I may never be free from prison, considering some events in my upcoming future.

I have been in contact with others regarding the matter you referred to in your letter. However, I have come to a decision as to how I am going to proceed in this "situation" if you will.

One of my choices is to not give either the F.B.I or B.P.D the satisfaction of having "solved this case after so many years".

I will have the satisfaction of doing it myself.

While denying them the fame and satisfaction they appear to crave.

Doing so, will banish ^{ME} ~~be~~ from being able to live in general population while in prison.

I have hated the city and the b.p.d for well over 27 years.

I have been interviewed by them eight times so far, while being in the C.D.O.C. I controlled every interview with them.

I however, still have a conscience.

To my great satisfaction...., I will show the world how stupid they have been all along. They even took credit for my having turned myself in regarding my ~~present~~ charges.

But, that is a different story...

Should you wish to be a part of this matter ?

Then only contact me via legal mail/via an attorney.

As all of my outgoing and incoming mail is read and photo copied by all of the C.D.O.C mailrooms, and sometimes reviewed by the I.G here at the facility.

I also feel as though, I deserve to be in prison.

Respectfully, Keith A. Schwinaman. AVCF-C.D.O.C #105240.
